## **PREFACE**

**Compilation of the Directory of SLSTINET Member Libraries was one of the tasks undertaken by the Sri Lanka Scientific & Technical Information Centre (SLSTIC)/NSF as the co-ordinator of Sri Lanka Scientific & Technical Information Network (SLSTINET).**

**The hard copy of the Directory is a print out of the database (SLSNET) developed by SLSTIC using Win ISIS. The main objective in compiling this is to provide information on resources available at all the S & T libraries. This will assist the Information managers to provide referral services to their users, so that the resources may be used more effectively. This also could be used as a tool to enhance resource sharing among libraries.**

**The Directory includes 89 libraries out of which only 55 libraries have sent the full information. Our intention in printing this Directory is to make every member aware of the importance in contributing to a Directory of this nature.**

**The dedication of Mr. Jagath Weerawardane in developing the database and Ms. Hemamali Priyadarshini in page setting the hardcopy is greatly appreciated.**

**Any comments on this will be greatly appreciated.**

## INTRODUCTION

**Sri Lanka Scientific & Technical Information Network (SLSTINET) was established as the umbrella network of the library networks in Sri Lanka in 1978. SLSTINET is a non-profit membership organization serving to develop strategies for information distribution and access in the field of S & T., and to assist various end-user communities in gaining access to information.**

**SLSTINET membership currently includes over 103 libraries. The Directory of SLSTINET member libraries includes the following information:**

- ❖ **Address; Telephone numbers; Fax; E-Mail**
- ❖ **Staff**
- ❖ **Collection**
- ❖ **CD ROM Data Bases**
- ❖ **Services**
- ❖ **Electronic Data Bases**
- ❖ **Publications**
- ❖ **Network activities**
- ❖ **Web site**

**An alphabetical index of the Institutes is provided for easy reference.**
