CURRENT LIST OF PERIODICALS IN LIBRARIES IN SRI LANKA (2009)

Scientific & Technical Periodicals Available in Libraries in Sri Lanka

NATIONAL
SCIENCE
LIBRARY & RESOURCE CENTRE

**National Science Library & Resource Centre
National Science Foundation**

2009

PREFACE

The first edition of the '*Current List of Scientific & Technical Periodicals in Sri Lankan libraries*' was published in 1998, covering periodical titles received in seventy four major S & T related libraries in the country during year 1998. Since then two editions have been published in 2005 & 2007 respectively with updated information.

The current publication is an update to the third edition (2007) & covers 2067 titles received in sixty three (63) S & T libraries during year 2009. The '*Current List of Scientific & Technical Periodicals in libraries in Sri Lanka*' will serve as a tool for the location of periodical titles in local libraries with a view to promoting exchange of periodical articles to cater to the information needs of scientific community in the country. Further, it is intended to optimize utilization of the limited financial resources by preventing unnecessary duplication of serials while at the same time ensuring the availability of the most important journal titles in the country.

The titles are arranged in the alphabetical order and their location (library) is indicated against each. Full address of each library & contact details are given at the end of the publication to enable easy ordering of articles.

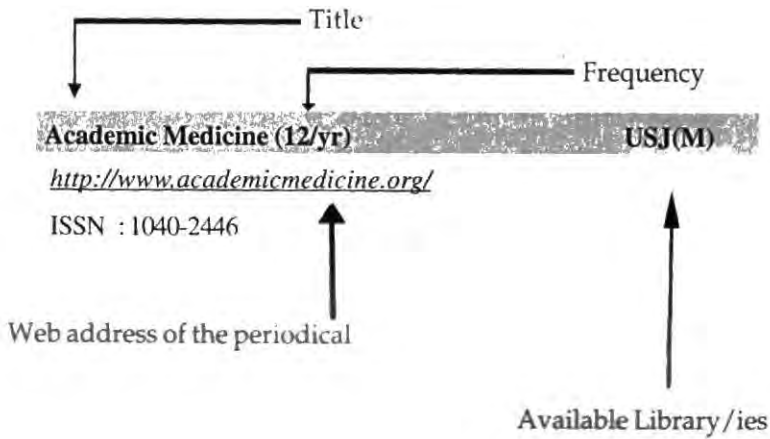

The co-operation extended by the SLSTINET member libraries in making this publication a success is gratefully acknowledged. The patience & untiring efforts of Ms. Amila Tennakoon assisted by Ms. Hemamali Priyadarshini in the collection of data & the preparation of the publication is very much appreciated. The assistance provided by Mrs. Viraji Yasapalitha in page setting is also thankfully recorded. Thanks also go to Ms. Dharmaratne & Mr. Chanaka Wickramasinghe for their contribution in the preparation of the cover page.

The web version of this publication is available on the National Science Library & Resource Centre web site (www.nsf.ac.lk/nslrc). It will function as the on-line consortium of printed journals for the current year. Each title is linked to its web site enabling the user to browse through the Table of contents. Facilities are also provided for on-line ordering of copies of articles from the relevant local library. The publication is also available on CD-ROM form. Any comments in view of improving the publication & the database will be very much appreciated.

Sunethra Perera
Head/National Science Library & Resource Centre
National Science Foundation

Guide for users

1. Entries are arranged in the alphabetical order of the periodical titles.
2. The name of the available library is given against each periodical title in abbreviated form.
3. The typical format of a bibliographic record for a periodical is given below

4. The web address of the periodical is given where on-line version is available.
5. Complete address of each library with full contact details are provided on page 140
