Acknowledgements

This report is a product of the work done under a research grant (RG/2001/P/003) provided by the National Science Foundation. It is also a collaborative effort by three academics from the University of Peradeniya.

This work would not have been possible without the financial support from the NSF. We gratefully acknowledge the support received from NSF and its Director. The Department of Geography's GIS laboratory was the official location where much of the work was carried out, particularly during the first phase of the project. Later the facilities at the Centre for Environmental Studies, University of Peradeniya were used for the development of the database. We would like to thank the heads of these institutions for the co-operation extended to us. Finally, we would like to thank the Vice-Chancellor, University of Peradeniya for going out of his way to help us when we ran into administrative hurdles.

Section 1

A	Contract Number:	RG/2001/P/003
B	Title of Project:	Coastal Zone GIS Project
C	Institution at which work was carried out:	Phase II Department of Geography, University of Peradeniya
D	Chief Scientific Investigator and Co-Investigators:	Dr. P. Wickramagamage (PR) Dr. S.N. Wickramaratne Dr. S.W. Nawaratne
E	Date of Award	20-12-2001
F	Total Allocation	Rs. 438,000.00
G	Total Spent	Rs. 410,797 (estimated)
H	No. of Research Assistants	2 (One and Half Years)
J	Whether RA has Registered for/Obtained Postgraduate Degree	NO
