ANNEX	68

A C K N O W L E D G E M E N T S

The Survey on Scientific and Technical Personnel in the country was initiated at the insistance of Dr. G.C.N.Jayasuriya, the former Secretary-General of the National Science Council of Sri Lanka. We are grateful to Dr. Jayasuriya for the encouragement and guidance given by him throughout the initial phase of this work.

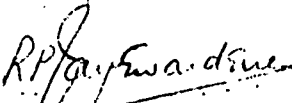

Thanks are also due to Miss Thusitha Perera, Miss Merlyn Silva, Miss Seetha Fernando, Mrs. S. Ratnayake, Mrs. Chandra Fernandez, Miss H.P. Asoka, Miss Yogarani Nalliah, Miss Jayanthi Wijesinghe, Mr. K.A. Chandrasena, Mr. S. Siriwardena and Mr. M.K.Ratnaweera who undertook willingly to prepare the typescript of the Directory.

This Directory could not have been completed so soon if not for the untiring effort of the staff of the National Science Council, and specially of members of the Statistical Unit of the Colombo Campus. Their efforts are sincerely acknowledged.

FOREWORD

The Directory of Medical Personnel in Sri Lanka is the first attempt to list doctors, dentists and veterinary surgeons in the health service, higher education and the agricultural sectors. Due to difficulties in locating the doctors stationed in the large number of medical institutions in the country, it has not been possible to give a complete coverage to this category. Medical personnel in higher education and the agricultural sectors have been fairly well covered. Seventy-four percent of doctors in higher education responded to the questionnaire.

We are hoping to complete the coverage of this profession in the near future and would therefore welcome any suggestions which would help to improve the later editions. Omissions or errors if any, are regretted, and every effort will be taken to improve and revalidate the data when the editions are revised.

R.R. Jayewardene

SECRETARY - GENERAL

EXPLANATORY NOTES

This Directory has been prepared on the basis of the information provided in a questionnaire issued by the National Science Council of Sri Lanka.

Part of the information provided by the respondents have been considered to be confidential and will not be released or published without the prior approval of the respondent.

The present Directory therefore contains only basic items of information which are considered relevant and useful for users who may wish to, (a) locate appropriate personnel to whom information on specific subjects could be channelled, (b) locate personnel who are specialized in a particular field, and (c) to obtain an over view of the trained personnel in the medical profession in the country.

The reliability of the information provided by the respondent with regard to type of activity and field of speciality has not been investigated for obvious reasons. Hence the authors and the National Science Council do not take responsibility for their authenticity.

In the presentation of the data, the following format has been used.

<u>Inst. No.</u>	<u>Serial No.</u>	<u>Name</u>	<u>Age</u>	<u>Academic Qualifications</u>	<u>Professional</u>
				<u>Qualifications</u>	
				<u>No. of Publications</u>	
				<u>Type of activity</u>	

The Inst. No. refers to the code number given to the Institution in which the person concerned is presently employed, and could be located by reference to the list of Institutions given at the end. The Serial No. refers to a code number which could be used to extract further information from the computer tape. It should be noted that the number of publications may not be up to date and only the publications that were listed have been indicated in the Directory.

The personnel are also listed separately according to their fields of speciality or competency, which were indicated by them.

Personnel who could not be contacted, and those who failed to respond to the questionnaire are listed separately at the end of the Directory.

LIST OF MEDICAL PERSONNEL OF SRI LANKA LISTED ACCORDING TO

ALPHABETICAL ORDER

<u>Inst. No.</u>	<u>Serial No.</u>		
176	021	ABEYKOON, P	36 yrs., M.B.B.S.(Cey.)1967, M.S.(Cali.) 1975 Teaching and Research in Population and Family Planning
263	007	ABEYNAYAKE, P (Miss)	26 yrs., BVSC (Cey.) 1975, Teaching
280	006	ABEYRATNE, S	25 yrs., BVSC (Cey.) 1976, Veterinary surgery and Farm Management
